

There are two packaging categories:

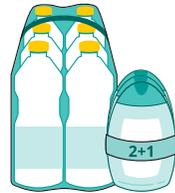

Packaging subject to system participation

Packaging that typically accumulates as waste with private final consumers:

Retail packaging

Grouped packaging

Service packaging

Shipment packaging

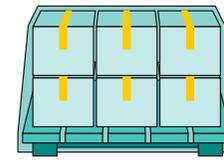

Packaging law requirements

1. Registration in the LUCID Packaging Register
2. Conclusion of a system participation agreement
3. Reporting of packaging volume (Data report)

Packaging not subject to system participation

Transport packaging

Reusable packaging

Single-use beverage packaging subject to deposit

Retail and grouped packaging that does not typically accumulate as waste with private final consumers after use

Retail packaging for hazardous contents

Packaging law requirements

- ➔ Registration in the LUCID Packaging Register

You are required to fulfil certain return and recovery obligations and to provide evidence thereof. For details, please refer to section 15 VerpackG (Packaging Act).
